

## UPPERCLASSMEN

(juniors & seniors)

A new identity: a journey of transformation

*"Therefore if any man is in Christ, he is a new creature;  
the old things passed away. Behold, new things have come."  
2 Corinthians 5:17*

The third and fourth semesters are also a total of six months in length, in which the student will take all they learned in the first semester and truly start to implement it into their everyday thinking and decision making. They will continue to attend classes and participate in individual biblical counseling and community groups, but they will be learning more in depth concepts to get below the surface level issues and work through the root problems so they can begin to replace their false core beliefs with the Truth of the Bible. The students in these semesters will begin to have more responsibility and opportunity to assume small leadership roles as they apply in practical application what they have been learning and processing in theory. This semester guides the students through who they are in Jesus and the new identity and purpose they have in Him alone.
