Transformational Giving

Since 1982, Transformation Life Center has provided a safe place for men with life controlling issues in the New York area. Since then, the program has evolved into a long-term, regeneration solution to drug and alcohol addiction. Today, we are national in our admissions to two campuses in West Park, New York. That is restoring hope in men and women's lives. If you are considering Transformation Life Center as a beneficiary of a major gift that will propel the Ministry forward as a National Model here are some thoughts:

- Transformation Life Center is striving to be the National Model for Christian Discipleship programs. Fundraising is primarily for capital improvements and program expansion.
- Minimum 6 month residential program with all needs of the resident met.
- TLC changes lives as evidenced by numerous graduate testimonies.
- Students may benefit from 3 levels of participation in the TLC recovery program.
